Summary

Full Stack Developer with hands-on experience in building production-ready web applications using React, Node.js, and MongoDB. Specialized in AI integration, workflow automation, and designing scalable, high-performance systems.

Experience

AlmaBetter — **June 2025-Present**
Software Trainee Engineer — Remote
https://www.almabetter.com/

- Developed scalable full-stack applications using React.js, Node.js, and MongoDB, focusing on performance and clean architecture
- Designed and implemented RESTful APIs and optimized database schemas for real-world business workflows
- Built AI-integrated features and automation pipelines to enhance application functionality and efficiency

Shilpan Steelcast Pvt. Ltd. — **Aug-2025-Nov-2025**
Trainee — Rajkot, Gujrat
https://shilpansteelcast.com/

Gained real-world experience in process tracking and documentation, strengthening analytical and problem-solving skills relevant to enterprise software development.

Education

Gandhi Engineering College — **May-2021-Jun-2025**
Mechanical Engineering — B.Tech
7.74
https://www.gec.edu.in/

C.N. College, Sahebganj, Muzaffarpur — **Apr-2019- Apr-2021**
Intermediate of Science — XII (BSEB)
66.8%
https://www.cncollege.ac.in

Projects

Document Orchestrator AI — **2026**
AI-powered document processing & workflow automation platform
https://ai-orchastrator.vercel.app/

- Built an AI-powered document processing platform using React, Node.js, and Google Gemini for automated data extraction
- Designed scalable pipeline architecture and integrated n8n workflows to automate business processes

React.js, Node.js, Express.js, MongoDB, Gemini AI, n8n, REST API, Tailwind CSS

FinSmart – AI Finance Dashboard — **Mar-2026 to Apr-2026**
Full-stack personal finance management platform with AI assistant
https://fin-smart-tau.vercel.app/

- Built full-stack finance app with React, Node.js, MongoDB, and JWT authentication using HTTP-only cookies
- Integrated AI assistant (Gemini) and implemented Redux-based state management with analytics dashboards

React.js, Redux Toolkit, Node.js, Express.js, MongoDB, JWT, Gemini AI, REST API

MediBook – Doctor Appointment Platform — **Feb-2026**
Full-stack doctor appointment booking system
https://medibook-sigma.vercel.app/

- Developed full-stack appointment system with React, Node.js, and MongoDB using MVC architecture
- Implemented JWT authentication, Google OAuth, and Cloudinary for secure file uploads

React.js, Node.js, Express.js, MongoDB, JWT, OAuth, Cloudinary, REST API

Skills

JavaScript
●●●●○
ES6, DOM Manipulation, Functions, Arrays, Objects, Event Handling, Promises, Async/Await, Basic Problem Solving

MongoDB
●●●●○
MongoDB, NoSQL, Database Design, Collections, Aggregation Pipelines, Indexing, CRUD Operations, Mongoose, Data Modeling, Backend Development, REST APIs

Express.js
●●●○○
Routing, Middleware, RESTful APIs, Backend Development, Server-Side Framework, Request Handling, Data Flow, CRUD Operations, Node.js Integration

React.js
●●●●○
JSX, Components, Props, State, React Router, Conditional Rendering, Forms Handling, Frontend Development, UI Components

Node.js
●●●●○
Backend Development, RESTful APIs, Server-Side Programming, Middleware, Asynchronous Programming, Event-Driven Architecture, Express.js, Routing, Data Handling

SQL
●●●○○
SQL, Relational Databases, MySQL, PostgreSQL, Data Manipulation, Database Design, Joins, Indexing, Stored Procedures, Query Optimization, Backend Development

Tailwind CSS
●●○○○
Utility-First CSS, Responsive Design, Flexbox, Grid, Styling Components, Customization, UI Design, Frontend Development

GIT
●●●●○
Git, Version Control, Branching, Merging, Pull Requests, GitHub, Collaboration, Code Reviews, Conflict Resolution, Source Code Management

Certifications

Full Stack Web Development Program
AlmaBetter Edutech Pvt. Ltd.
17-Mar-2026
Certificate

Full Stack Web Development
Apna college
Dec-2025
Certificate
